The theme of this year's conference is Catalysts for Change: Celebrating 100 years of Medical Women in Canada. Sessions will highlight past achievements of women in medicine and look to the future and how we can best advocate for society, our patients and ourselves. There will be a welcome networking reception on Thursday, September 26 and a cocktail and Awards Dinner on Friday, September 27 evening - all attendees are welcome!

If your abstract is selected, you will be invited to display your poster at the conference on both meeting days. On the 2nd meeting day, Saturday, Sept. 28 during the morning break period, you will present your poster and answer questions. Please note that you will be responsible for your own meeting registration and travel costs.

We encourage poster topics related to this year's conference theme as well as research related to:

- Physician leadership

- Gender-inclusive health care
- Physician health and wellness
- Women, peace, and security
- Women's cardiovascular health
- Health equity
- Equity, diversity, and inclusion
- Women's sexual and reproductive health

This is an excellent opportunity to showcase your work at a national level and to network with specialists from across the country.
